

Psychiatrist - Adult and Children Psychiatric Outpatient Clinic

Location: Dauphin, Lebanon & Lancaster Counties

Status: Full Time Position (40Hrs / Week), No on-call responsibilities, No Weekend Responsibilities

General Summary: The Psychiatrist serves as the primary team psychiatrist and provides direct clinical care. The psychiatrist works closely with the Psychiatric Assessment Team performing psychiatric assessments. The Psychiatrist serves an integral role in the treatment of patients in the behavioral health continuum.

Essential Duties and Responsibilities:

1. Provides direct psychiatric care for clients ages 5 and above; this includes psychiatric evaluations and medication management checks
2. Assumes psychiatric leadership responsibilities to the Treatment Team, including signing off on initial treatment plans and treatment plan updates
3. Provides clinical expertise and direction for program development
4. Provides ongoing evaluation and approval of existing clinical program
5. Provide weekly supervision and clinical oversight to Master's level clinicians

Minimum Education, Credentials, and Experience: A graduate from an accredited medical school. Board eligible or board certified (preferred) in psychiatry, serving a residency in general psychiatry with license to practice medicine in Pennsylvania or license eligibility in Pennsylvania. Applicants must pass criminal background and child abuse clearances.
